LIVE IT LOVE IT RACE IT

Dear Readers,

We have successfully completed our Hybrid car RZX5H. We also had a launch held in our college for the same. At the same time the welding of the RZX5C has completed and is undergoing its assembly phase. We expect it to roar on the track soon!

IN THIS ISSUE:

1. BODYWORK OF RZX5H @ FIETECH
2. HYBRID LAUNCH
3. HYBRID SHIPPING
4. IN THE WORKSHOP
5. SPONSOR FOCUS
6. ALUMNUS OF THE WEEK

FIe TECH
Fantasy in Fibreglass

The body of a car is what attracts the people towards it and so we would like to thank Mr. Vinay of Fietech for fabricating such an amazing bodywork for our hybrid car and we look forward for such elegant bodyworks in the future.

We had a launch for the Hybrid Prototype in our college premises. We had our partners and our faculty members attending the launch.

**BONNE VOYAGE RZX5H!!!
SEE YOU IN THE U.S.A**

IN THE WORKSHOP

We had Mr. Dilbaugh Gill Team Principal Team Mahindra Racing, Formula Electric Boston visiting our workshop and sharing his ideas and scope of improvement in our hybrid prototype.

The Chief Srutineers for Formula Hybrid U.S.A., Mr. and Mrs. Michael Royce visited our workshop and said that they were “*quite impressed*” with our car.

IN THE WORKSHOP

The chassis welding has been completed. We would like to thank the Foreman of Industrial Engineering and Management Department of our college, Mr. Shekar for providing us with the TIG Welding machine because of which we could do our welding in house. Also we would like to thank Siddhivinayaka Enterprises for providing us with their skilled welders who have got us a very neat and uniform weld throughout!!

SPONSOR FOCUS

ALUMNUS OF THE WEEK

KIRIT ROSARIO

Kirit Rosario was the lead designer of the '05 **बहावा** racecar. With a strong intuition for mechanical systems and years of fabrication experience, he brought a heavy focus on common sense design and pushed to fabricate a majority of the vehicle in-house.

Kirit went on to design special effect robots in Bangalore before pursuing his MS at Michigan State. For 5 years after, he worked at Caterpillar's Technical Center in Illinois doing product development on large diesel engines and mining equipment. In 2012 after receiving his MBA from Chicago Booth, he started his career as a Management Consultant at A.T. Kearney.

Kirit is an avid designer, inventor and craftsman, with a full-fledged workshop at home for metal, wood and leather. He is currently working on a robotic horse for his daughter to ride, which will balance and walk independently. Below is some of his handiwork, that he does in his free time

ALUMNUS OF THE WEEK

VARUN GANDHI

Varun Gandhi holds a Master degree in Mechanical Engineering from University of Texas A&M

Varun works for Mathworks as a UI Platform Engineer .

Varun was one of the unsung heroes of the founding team of **वइहवा RACING** 2003-2005.

He contribution of work showed great signs of hardwork and determination and led the team as the Chief Engineer in the debut event for **वइहवा RACING** participation in 2005 edition of Formula Student .

Varun was also responsible in partnering Sun Microsystem an IT firm to support **वइहवा RACING** Student Racing team which today has inspired to form an in house IT team which is an essential part or race car development .

Varun along with the team had strategically laid the foundation stone for **वइहवा RACING** which has stood strong till date and days to come .

He was responsible for creating many foundation process in each sub system which is still followed with evolutionary improvements in the team operations

Certainly he has been a key contributor in **वइहवा RACING** sustainability .

ALUMNUS OF THE WEEK

AKSHAY SANGOLLI

Akshay Sangolli ,an ace Architect with a Master's Degree graduation in Health Care Design from University of Texas A&M

Akshay has also been awarded fellowship from Tradewell Fellowship Program in the year 2012

Akshay joined **अश्वरा RACING** in 2005 as a trainee .Akshay Sangolli was the Project Manager for the 2006 and 2007 Ashwa Racing 's participation in Formula Student – Australia and Germany respectively

He contributed to the field of Ergonomics in the design phase of the vehicle deriving data from Anthropology .

His contribution did not stop there .

Akshay Sangolli is credited with the idea of founding the Hybrid Division of **अश्वरा RACING** in the year 2006 and it took many years to make his dream come into reality.

His vision and contribution to the team enabled him to foster partnership with many Organization ,one such being Ansys Inc whose strategic entry in the list of partners of **अश्वरा RACING** changed facet of the team and its technical abilities in to the next level .

ALUMNUS OF THE WEEK

MAYUR GOWDA

Mayur Gowda works for Bhaghvati Tools Inc and is Graduate with Master's Degree in Manufacturing System Engineering from University of Warwick

Mayur Gowda was the Head of Logistics in the year 2010 , **अश्वरा RACING**'s participation in Formula Student Italy .

His relentless efforts showed signs of improved logistics co-ordination for the team and also worked on the Brakes Module .

Mayur was also one of the Driver for 2010 Formula Student Italy .

Mayur currently helps the team by supporting in manufacturing and also recommending the team to other manufacturers to do the job for less cost thus reducing the financial burden of the team .

This time, we have been able to do in-house welding of the chassis because of the skilled welders from Siddhivinayaka Enterprises. We also weld our A- Arms, one of the most important component in the car. Mayur has helped us reduce the manufacturing cost by a huge amount. We will always be grateful for this help and would like to continue this relationship in the future.

ALUMNUS OF THE WEEK

SHARATH PRABHAKAR

Sharath was last working as a QC engineer at FMC Technology and currently doing his Master's program in the U.S

Sharath was the head of Chassis module in the year 2010 and later lead the 2011 team of **वइहवा RACING** in the capacity of Chief Engineer. Sharath participated consecutively in 2010 and 2011 edition of Formula Student Italy

A really cool headed ,Chief Engineer who is known to have an amazing sense of humor and can de-stress the team with his sense of humor attitude

His contribution in the field of Chassis has taken the Chassis development to the next level and is credited with using the Chromoly Material

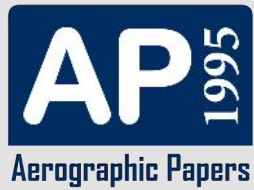

Sharath 's involvement with the 2011 team was a very crucial and much needed for the team to be directed toward participating the endurance race and complete all dynamic events .
